

HEMPSTEAD MAY

Our archival paper stock will ensure that any of your prints will last 100+ years in direct sunlight under UV protected glass.

As a certified studio of Hahnemühle, our impact on the environment is very important. Clean water, natural fibres, first-rate expertise in the art of paper production and absolute commitment to quality has been the foundation of Hahnemühle's success for more than 400 years.

Drop in the studio for a personal consultation of paper types and to see some examples. We stock the following archival Hahnemühle papers:
